Subject: Senate Appropriation Committee: Inserts for the Record - due to OCFO May 8th

Good morning,

During the FY 2020 Senate Appropriations Budget Hearing, the Administrator made several commitments to provide information to the committee, we are now asked to provide that information as an "insert for the record."

The three OCSPP topics that Administrator Wheeler committed to provide responses are:

- PFAS/PFOA chemicals in Firefighting Foams
- Confirmation re: MC Risk Assessment Finding
- Timing of Potential Asbestos Regulation and Removal from Market

The attached provides the full transcript for the relevant topic with the asks and commitments highlighted in yellow, and the draft OD cleared response from OPPT in blue. In drafting the responses OPPT noted that they drew from the PFAS Action Plan, the MC Final Rule and ANPRM, and public materials relating to the timing of regulation.

These inserts are due to OCFO by Wednesday May 8th. Please let me know if you have any edits or comments you would like me to work on with OPPT.

Thank you,
Greg
